

Ventura County SELPA, Mary E. Samples., Assistant Superintendent

# You Can Bring "Ability Awareness" to Your School

Available to all Schools in Ventura County SELPA  
Ideal for PTAs, PTCs, PFCs and special education groups  
- for Elementary and Middle Schools -

Ability Awareness fairs are a wonderful hands-on way to give children, teachers and parents an opportunity to experience the challenges that children with special needs meet every day as a result of their disability.

Participating schools will receive help in organizing a successful Ability Awareness fair which includes recruiting and orienting parent volunteers, set-up the day before and removal of all equipment after the fair is over. All materials are provided for you. Areas covered are augmentative communication, hearing, fine motor, vision, mobility and learning disabilities. All you need to provide is the volunteers to man the stations! It's that easy!!

This is a 3-day event for most schools so all classes may have the opportunity to experience this unique opportunity.

**COST: \$225.00**

Please call Cathi Nye for more information at (805) 647-1974 or e-mail her at [cnye@vcoe.org](mailto:cnye@vcoe.org)
