

A New Personnel Development Offering for Staff

NCPI Refresher with a Focus on Applied Physical Training

A refresher program designed for staff members who are regularly intervening in emergency situations. This program is designed to enhance your understanding of the spectrum of physical aggression and improve your skills in applying CPI's Principles of Personal Safety and Nonviolent Crisis InterventionSM to workplace situations. While the focus of this program is on physical intervention, our ultimate goal is to prevent situations from escalating to the point of physical acting out behaviors.

In addition to the required NCPI Refresher components, the workshop will cover:

- **Develop a greater understanding of CPI's Personal Safety TechniquesSM**
- **Problem solve and strengthen Nonviolent Physical Crisis InterventionSM skills**
- **Receive additional supporting information**
- **Demonstrate your ability and confidence in applying CPI's Personal Safety TechniquesSM and Nonviolent Physical Crisis InterventionSM skills to real-life work experiences**

Staff attending this training will have an opportunity to practice, participate in content review, discuss policy decisions, situational applications, and take part in rehearsals and drills.

Date: November 1, 2011
